

Course Title

2nd National Training Program

on

Commercial Meat Production

Sub-Theme-

Health, nutrition and management of Sacrificial Animals for Eid

TRAINING SCOPE

Eid Ul Azha is the special festival celebrated by Muslims where the animals are slaughtered while following the Sunnah of the Holy Prophet (PBUH). Large number of animals is brought in the special livestock markets where they are bought by the people. The buyers try to buy best animals while the sellers try to get more profit. There are some issues regarding the sacrificial animals where the some prominent are ; (i) Selection and transportation of animals, (ii) Feeding the animals for maximum increase in production, (iii) Decreasing the losses at slaughtering, (iv) Animals health and hygiene , (v) wholesomeness of meat, and (vi) Avoiding the Zoonotic diseases etc. Training and awareness of stake holders through workshop on commercial meat production is a prime effort to cater the challenges being faced to farmers and buyers. This workshop will serve to build strong linkage between academia and stakeholders by addressing the key issues to be solved.
