ABSTRACT

Abstract text here. Student can write long abstract if required. Sample text-
Knowledge bases (KBs) contain rich information about the world’s entities, their
semantic classes, and their natural relationship. Knowledge bases (KBs) contain rich
information about the world’s entities, their semantic classes, and their natural
relationship. Knowledge bases (KBs) contain rich information about the world’s
entities, their semantic classes, and their natural relationship.

Keywords: Keyword 1; Keyword 2; Keyword 3;

INTRODUCTION

Information knowledge extraction and retrieval bases (KBs) contain rich
about the world’s entities, their semantic Speer and Havasi (2012) classes, and their
natural relationship. These are proven resources for information i.e. ConceptNet,
Cyc, Freebase, DBpedia, and Yago etc. ConceptNet is freely available semantic
network of concepts to understand the meanings of those concepts. Speer and Havasi
(2012) claimed that ConceptNet.

Problem Statement

Problem statement, Objectives and Outcomes are subheadings of
the introduction section.

Objectives

This research has following objectives.

1. Objective 1.
2. Objective 2.
3. Objective 3.

Outcomes
Problem statement, Objectives and Outcomes are subheadings of the introduction section.

REVIEW OF LITERATURE

Write a paragraph about rationale of the research study here. This knowledge management and education domain of research. The crucial twofold of the present researches.

MATERIALS AND METHODS

The objectives mentioned in the previous section are accomplished by following the research activities:

- Insert Figure Center Aligned (If Required)

Figure 1: Research Overview

Describe methodology here. Methodology can be supported by figures and tables if required.

Table 1: Table Caption Research Overview

- Insert Table Center Aligned (If Required)

LITERATURE CITED

Reference Style: APA 6th Edition. Students are required to use referencing software e.g. Mendeley, EndNote, JabRef etc.

the Proceedings of the 7th ACM international conference on Web search and data mining.
